SUMMARY

Full stack web and software developer with a background in insurance fraud analysis and special investigations. With a certificate in full stack development from Southern Methodist University, my ambition is to construct engaging applications that focus on the user first. A penchant for abstract problem-solving and an ardent love for aesthetic design inspire continuous improvement of my proficiency as a developer.

TECHNICAL SKILLS

Skills & Languages: HTML5, CSS, JavaScript, SQL, Agile Development, Continuous Integration

Frameworks & Libraries: React, jQuery, Bootstrap, Tailwind CSS, SASS

Backend & Database: Node, Express, MongoDB, Mongoose, MySQL, Sequelize, REST API, AJAX

Technologies: Git, Heroku, Postman

PROJECTS

plummit

A message board with MySQL database built from the ground up. Sign up, log in/out, create posts, comment, like/dislike, view by category. Persistent user remains logged in using cookies.

Repository: <https://github.com/tldav/plumm-it/>

Translates daily Horoscopes based on sign selection into Yoda Speech. Public APIs used: Aztro & Yodish.

Repository: <https://github.com/tldav/yoda-horoscope/>

Application: <https://tldav.github.io/yoda-horoscope/>

Role: Frontend functionality and Design

Primary Technologies: HTML, CSS, JavaScript, jQuery, and Tailwind CSS

EXPERIENCE

Material Misrepresentation Investigator National General Insurance

2019 – Present
Dallas, TX

Gather evidence and statements to determine whether material facts were intentionally misrepresented during the policy application process. Consider the prospect of policy rescission based on investigative findings and state compliance.

Special Investigator – Claims Lonestar MGA

2017 – 2019
Dallas, TX

Recognized questionable claim reporting behavior and prepared investigative strategy to determine the validity of claims. Worked alongside claims representatives to assist in conducting interviews and fact verification.

Key Accomplishments:

- Acceptance into the International Association of Special Investigations Units and North Texas Branch.

Coverage Specialist - Claims United Automobile Insurance Services

2011 – 2017
Dallas, TX

Investigated auto losses with coverage concerns. Interpreted policy language alongside loss facts to verify whether coverage would apply under unique circumstances.

EDUCATION

Southern Methodist University | June 2020

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, React, Node, MySQL, MongoDB, Express, and other technologies

Certification: Full Stack Web Development
